BFA APPLICATION OVERVIEW

APPLICANTS MUST SUBMIT A PORTFOLIO THAT FOLLOWS THE BFA GUIDELINES LISTED BELOW

PORTFOLIO GUIDELINES

ADMISSION TO THE BFA IS A SEPARATE PROCEDURE IN ADDITION TO ADMISSION TO CITY COLLEGE.

A portfolio review is required for admission to the BFA program. The portfolio should demonstrate aptitude; finished, professional work is not a criterion. The committee is looking for raw ability, ability to think critically, talent and motivation.

HOW TO APPLY

1. Complete the Art Department BFA Electronic Design & Multimedia application and follow the procedures for submitting your portfolio.

2. Contact the Admissions Office, (212) 650-6977, for further information on admission and application procedures to City College and CUNY.

3. Applicants to the BFA program should list the code number for the BFA in Electronic Design & Multimedia (0127) as their first choice on the CUNY Freshman Application.

Students are strongly encouraged to apply to the program before completing 65% of credits toward the major. Failure to do so may negatively impact the chance of acceptance.

The BFA has a GPA requirement of 2.5 for current and transfer students.

Applications to the BFA are considered in Fall and Spring: deadlines are February 15th for Fall (September) admission, and October 1st for Spring (February) admission.

You can download the BFA application from the EDM website. http://www.ccny.cuny.edu/electronic_design

Information regarding City College Admissions please contact the Admissions Office at: (212) 650-6448 or admissions@ccny.cuny.edu. Contact the Office of Financial Aid at (212) 650-5819 for grant, scholarship, and loan information.

The Art Department does not have any role in admissions to CCNY/CUNY. Contact the Admissions office if you have questions about your admission to The City College. General information about admissions is at: https://www.ccny.cuny.edu/admissions

You may be accepted into City College and not be accepted into the BFA Program. A student may enter the BA program, and then transfer to the BFA after completing level 10000 and 20000 courses in the major and developing a portfolio. However BFA admissions are competitive, and transfer from the BA to the BFA is not automatic or guaranteed.
WHAT IS THE ELECTRONIC DESIGN & MULTIMEDIA BFA?
The Bachelor of Fine Arts (BFA) in Electronic Design and Multimedia is a professional specialization in design for print and interactive media which integrates a variety of digital media into all stages of design and production.

HOW IS THE BFA DIFFERENT THAN THE BA?
City College offers a BFA in Electronic Design & Multimedia as well as a Bachelor of Arts in Studio Arts with a Digital Design concentration. Every course (with the exception of the BFA Thesis course) can be taken by any CCNY student who has fulfilled the pre-requisite courses.

The BFA (Bachelors in Fine Arts) is a 75-credit (approximately 24-course) major whereas the BA in Studio Art is a 45-credit (approximately 15-course) major. It is possible to complete either degree in four years, but students in the BFA program usually are not able to take many electives outside of the Art Department offerings.

BA students’ diplomas with indicated that they have earned a “Bachelor of Arts” degree, whereas BFA students’ diplomas indicate a “Bachelor of Fine Arts in Electronic Design & Multimedia.”

Unlike the BFA major, BA in Studio Art majors do not have to apply to the major (though the Art Department does require BA students to maintain a 2.5 GPA and take a couple of art courses prior to declaring the major). Further details about the two programs can be found at www.ccny.cuny.edu/art

WILL HAVING A BFA IMPROVE MY JOB OPPORTUNITIES?
Most employers care more about your portfolio than the specific degree you have earned. However, the BFA’s intensive requirements and capstone thesis project (a 15-week self-directed project) do help you build and put into practice the skills necessary to reach your full potential and put together the best possible portfolio.

WHEN CAN I APPLY & HOW?
We review applications twice a year. The submission deadline for Spring admission is October 1st and the deadline for Fall admission is February 15th. Please see the application steps on the following page.

DO I HAVE TO APPLY TO BOTH CITY COLLEGE AND THE EDM PROGRAM?
Yes. To enter the EDM BFA you must be admitted to both City College and the program itself. These are two separate application processes. This document explains the EDM BFA application process. For details on applying to City College please visit www.ccny.cuny.edu/admissions or call the Admissions Office at (212) 650-6977.

HOW DO YOU DECIDE WHO TO ADMIT TO THE BFA PROGRAM?
Our primary considerations are:
1) The applicant’s portfolio demonstrates working with concepts (not just technique), a personal artistic “voice,” and a sense of design. Portfolios that primarily show technical skills (e.g., ability to use Flash, Photoshop, HTML, etc.) without demonstrating concept & design skills are not looked upon favorably.
2) The quality of the assigned portfolio artworks (see the next page for details) are an important determining factor.
3) The applicant’s transcript(s) showing the ability to maintain at least a 2.5 grade point average.
4) The applicant’s writing skills as demonstrated in the application essay.
5) The presentation of the application materials (organized and well-designed).

WHEN WILL I FIND OUT IF I’M ADMITTED?
We contact our applicants 4-6 weeks after the application deadline.

WHAT I AM ADMITTED TO CITY COLLEGE, BUT NOT TO THE BFA PROGRAM?
You can still enter City College and take art and design courses with the intention of reapplying to the BFA program or entering becoming a BA in Studio Arts major. It is not uncommon for students to apply multiple times before being accepted to the program. However, students are strongly encouraged to apply to the program before completing 65% of credits toward the major. Failure to do so may negatively impact the chance of acceptance.

WHO CAN I CONTACT IF I HAVE FURTHER QUESTIONS?
Professor Annette Weintraub can be contacted at weintraub@ccny.cuny.edu
The acceptance to the BFA program is based on the portfolio you submit as well as your transcript and essay. Portfolios are examined for evidence of aptitude and potential. Some applicants may have previous preparation in high school or college, others may be self-taught. Consideration is given to students who show evidence of talent, energy and motivation regardless of prior formal preparation.

There are several ways to submit your portfolio:

Upload to DropBox with a link to Annette.Weintraub38@login.cuny.edu
Also send a direct email to weintraub@ccny.cuny.edu to notify us that you have submitted on DropBox. You can also submit on a DVD-ROM, or a USB drive.

Either way, your portfolio should consist of 8-10 pieces of artwork done on your own or in class, PLUS three projects from the assignment list below. Optionally, a text document or printout can give details about any of the artworks.

The Frequently Asked Questions [FAQ] contains details on the criteria used in evaluating portfolios. You can include artwork done for class assignments, but sometimes assigned class work does not best demonstrate the applicant’s personal voice and creativity. BE SURE TO INCLUDE YOUR APPLICATION, ESSAY AND TRANSCRIPT IN THE DROPBOX.

OPTION 1: DIGITAL SUBMISSION by DropBox, CD-ROM/DVD-ROM or USB drive [DropBox preferred]
Do not submit a portfolio in the form of a website, Powerpoint file, or Flash file. The portfolio should consist of 8-10 artworks (plus 3 assigned works, see below) that are formatted as follows:

- The digital files should be in a single folder on the disc. The folder should be named with the applicant’s last and first names separated by an underscore (e.g., Doe_Jane).
- Still images must be either JPEG or TIFF files, maximum dimensions of 1920x1200.
- Images must be correctly rotated for viewing. JPEG and TIFFs that are larger than 3 MB will not be opened or reviewed.
- Students wishing to submit a website as one of the portfolio items should put the website in subfolder (under the main folder with the applicant’s name) or supply a URL.
- Other print documents may be submitted as a PDF. If the PDF size is large, resize as a ‘Reduced Size PDF.’
- Video can be submitted in QuickTime format or as MP4.
- Flash can be submitted as a .swf file.
- CD/DVD files must be submitted on a Macintosh and Windows readable disc or USB drive with the “BFA application,” the applicant’s name, and the date written directly on the disc.
- Discs WILL BE DISCARDED after being reviewed and WILL NOT BE RETURNED. USB drives will not be returned.

OPTION 2: PRINTED PORTFOLIO [we DO NOT encourage print portfolios]
- 8-10 artworks (plus 3 assigned works, see below) submitted on 8.5” x 11” print-outs
- Submit ONLY if the prints are high quality. Poorly printed images may negatively impact the applicant’s chance of acceptance.
- DO NOT submit original works. Portfolios WILL NOT BE RETURNED.

REQUIRED PORTFOLIO ASSIGNMENTS
Portfolios must ALSO include THREE of the four possible assignments:
- A. A self portrait in any media, digital or traditional
- B. A poster promoting travel
- C. A 2-color logo for a music company
- D. A visual representation of transparency

REQUIRED ESSAY
ALL students must provide a brief (250 word) essay printed out or included as a .doc or pdf file. The essay should discuss a work of art or design that has had a significant impact on the applicant. Please describe the work, explain how it affects you personally, and how it relates to the kind of artwork or design you would like to do.
